Tech Support Agent | Poznań, Poland | +48795342660 | byadiso@gmail.com | <https://www.linkedin.com/in/desire-byamungu-5b0785a1/>

PROFESSIONAL SUMMARY

Customer-focused IT Support Specialist with 4+ years of experience providing first-line and technical support to global users in fast-paced, SLA-driven environments. Skilled in guiding non-technical users through online systems, resolving issues via email and ticketing tools, and ensuring a smooth end-user experience. Known for clear communication, strong attention to detail, and independent problem-solving. Fluent in English and experienced in supporting users across different time zones and shift schedules.

CORE SKILLS

- **Customer & Candidate Support:** First Point of Contact, Email Support, User Guidance, Issue Resolution
- **Technical Support:** L1/L2 Support, Incident & Request Management, Ticket Prioritization, SLA Compliance
- **Systems & Tools:** Windows 10/11, Microsoft 365, Active Directory, ServiceNow, Jira
- **Communication:** Clear Written Communication, Non-Technical Explanations, Global User Support
- **Work Style:** Multitasking, Attention to Detail, Independent Problem-Solving, Shift-Based Support
- **Documentation:** Knowledge Base Creation, Process Documentation, User Onboarding Guides

PROFESSIONAL EXPERIENCE

HCL Technologies | IT Support Specialist

May 2021 – Present

- Act as **first point of contact** for global users, resolving 20–30 support requests daily via ServiceNow while maintaining **95%+ SLA compliance**.
- Provide **clear, step-by-step guidance** to non-technical users via email and ticketing systems, ensuring fast and accurate issue resolution.
- Support Microsoft 365, Windows 10/11, and user access issues, achieving **~70% first-contact resolution** and reducing escalations by **~25%**.
- Collaborate closely with internal teams to ensure quick resolution of complex or high-priority issues.
- Create and maintain **knowledge base articles** for recurring issues, reducing repeat tickets by **10–15%** and improving resolution time.
- Support users across multiple time zones, demonstrating flexibility, reliability, and strong time-management skills.

Ngana Tech (nganatech.com) | IT Helpdesk Technician

Feb 2019 – Apr 2020

- Delivered **customer-focused technical support** via phone and email, supporting 25–50 users daily.
- Diagnosed and resolved hardware, software, and basic access issues in Windows environments.
- Communicated technical solutions clearly to non-technical users, improving user satisfaction and reducing repeat requests.
- Maintained accurate ticket documentation and followed established support procedures.
- Assisted in documenting common issues and solutions to improve team efficiency.

EDUCATION

Poznań University of Life Sciences, Poland - Poznan | **Master's Degree in Bioengineering** | 2019 – 2021

LANGUAGES

English (C1 – Advanced) | French (B1 – Intermediate) | Polish (A2 - basics).
